

General information

The first Zenith built in France after the one in Paris; the Zenith Sud stage has hosted some of the biggest national and international stars (Sting, Miles Davis, Elton John, Tina Turner, James Brown, Johnny Hallyday, Jean-Jacques Goldman, Ben Harper, Gossip, Bjork...). Its varied line-up includes comedians, musicals, popular shows as well as young promising artists.

Although it principally serves as a performance venue, Zenith Sud also hosts corporate events (product launches, galas, meetings, receptions and cocktails).

It has a modular capacity holding anywhere from 1,200 to 6,000 places and will give your projects quite an original sense of charm, with its warm and colorful decor.
